

COMMERCIAL DEHUMIDIFIER DXD

Commercial dehumidifier is widely used in valuables warehouse, pharmaceutical, food, electronics, leather, footwear, furniture, printing, chemical, tobacco and many other industries

FUNCTIONAL FEATURES

- * modular design, easy maintenance, low failure rate
- * high power dehumidification, high efficiency, fast speed
- * intelligent humidity control,
- * real-time display of temperature and humidity on LED display
- * power off memory function, three-minute delay protection function
- * 1-24 hours timing switch,
- * automatic fault detection and code display
- * external drainage pipes, saving the trouble of dumping water tank
- * current overload protection
- * humidity range is adjustable from 10% to 90%

PARAMETER

Parameter name	DXD-960D	DXD-990D	DXD-9138D	DXD-9150D
Maximum dehumidification	60L/D	90L/D	138L/D	150L/D
Rated power	850W	1075W	1215W	1495W
Electric voltage	220V/50Hz	220V/50Hz	220V/50Hz	220V/50Hz
Wind quantity	-	-	-	-
Fuselage size	380*430*700mm	610*450*840mm	690*530*985mm	690*530*985mm
Drainage way	Continuous drainage	Continuous drainage	Continuous drainage	Continuous drainage
Applicable area	50-80m ²	70-120m ²	100-160m ²	120-200m ²
Applicable temperature range	5 ~ 38°C	5 ~ 38°C	5 ~ 38°C	5 ~ 38°C
Humidity range	10%-90%	10%-90%	10%-90%	10%-90%
Water Tank	Tank 6L.	No Tank	No Tank	No Tank
